They Do More with Less Energy and Water

ENERGY STAR appliances save energy, water and money. City of Tallahassee Utilities offers a variety of rebates to help customers purchase qualified, higher-efficiency models. Shop locally and start saving now.

Rebate Amounts: \$40 – \$200 depending on the qualifying appliance.* See the online application for current requirements.

Who may participate: Any City of Tallahassee electric utility customer may apply for an ENERGY STAR appliance rebate.

How to get started: Purchase a qualified ENERGY STAR appliance from a local vendor. Then complete and print out the application form found online at Talgov.com/YOU and submit it (along with a copy of your paid receipt) by mail or in person.

Customer Operations
